

CORPORATE EVENTS

A **conference** needs to look great but maintain the **FUNCTIONALITY** of delegates being able to clearly see and hear the **presentations**. We have great experience in handling conferences from **15 to 3000 delegates** in an exclusive board meeting or split over city centre venues.

Award Ceremonies need to reflect the magnitude of the awards you are presenting supported by a **light and sound** package that adds that Hollywood feeling of glamour and excitement. Our experienced **TECHNICAL** crew behind the scenes deal with all the intricacies that fast moving **live events** demand.
