

## PRODUCTION MANAGEMENT

From a small conference, to a **full-scale** outdoor festival, Catalyst can provide production management services for your event – whatever the size.

We pride ourselves in our **ATTENTION TO DETAIL**. From 3D visualisations and fly-through animations at concept stages, incorporating adjustments, through formal planning which will include health and safety, logistics, equipment provision and labour, to installation and **smooth running** production, we will work with you, ensuring a **successful** event.

CATALYST  
NO PROBLEMS  
just SOLUTIONS.
