

RIGGING AND STAGING

We pride ourselves in being able to **DESIGN** a safe and suitable concept for your event. Working for you, we will provide a system that will meet with all the demands of your production whilst conforming to all **regulatory** requirements.

All of our riggers have years of **experience** coupled with licenses to operate various plant machinery. With access to a wide range of interior and exterior equipment from industry **leading brands**, Catalyst can provide staging and trussing for any **size of event**.

CATALYST
NO PROBLEMS
just SOLUTIONS.
